

BALLACOTTIER SCHOOL ACCESSIBILITY PROVISION AND PLAN

Ballacottier is an inclusive school. We aim to treat everyone in our school community fairly and, wherever possible, take reasonable steps to avoid placing anyone at a substantial disadvantage in line with the Isle Of Man Equality Act 2017.

Our Accessibility Plan outlines the good provision and practice already in place at Ballacottier School, as well as actions we hope to implement, over time, to increase the accessibility of our school for all pupils, parents, staff and visitors. This plan should be read in conjunction with our school's other policies and procedures. The School Plan identifies how actions are connected to the Specific Priorities (SP's) outlined in the Department of Education Sport and Culture Accessibility Plan 2024-2027 which can be found at the following link:https://www.gov.im/media/1382069/accessibility-strategy-january-2024uploaded-310124_compressed.pdf

PART 2 - Access to the Physical Environment

AIM	GOOD PRACTICE	OBJECTIVE(S)
Ensure that emergency evacuation procedures take account of the needs of pupils with disabilities.	<ul style="list-style-type: none"> •Identify pupils and review their needs as necessary. •Ensure that appropriate planning including places of safety and staff responsibilities have been established. •Complete a Personal Emergency Evacuation Plan (PEEP) for all pupils with accessibility issues (through disability, impairment or temporary injury) and review these in a 	Identified pupils are safe and have a clearly recognised set of procedures in place to meet their individual needs in case of a fire, or other emergencies, requiring

School Action Plan

An Accessibility Audit took place at the school in December 2023 highlighting aspects for improvement. A copy of the audit has been shared with Department Of Infrastructure (DOI) who are responsible for the maintenance of the building and site and can then decide if they need to include recommendations in their future plans for the school. The School Plan identifies how actions are connected to the Specific Priorities (SP) outlined in the Department of Education Sport and Culture Accessibility Plan 2024 - 2027 working to the following priority timescales:

Priority A:

Where there are potential health and safety risks or where failure to implement changes would be highly likely to attract legal implications. Immediate action is recommended to put changes into effect.

Priority B:

Where action is recommended within the short term to alleviate an access problem or make improvements that will have a considerable impact.

Priority C:

Where action is recommended within 12 - 24 months to improve access.

Priority D:

Where the recommendation involves excessive costs or should be implemented as part of a long- term plan.
